
f2002 server 5 > DRS

Geschrieben von pSyTech - 17.06.2016 19:09

on server5 running F2002 mod
the DRS is not active anymore,
making it impossible to reach older set records.
this has any build-related issue?
cant find nothing in changelog from F2002 mod itself.

Greets

i dont get it
DRS in F1 is only allowed or active IF you are in the DRS-zone and within 1sek behind your oponent

if you are hotlaping, i guess no one is in front of you,so no DRS is available ?

during qualy drs was ready to be activated all the time.
in F1 this was so some years ago, not last years anymore i think.
in the mod some months ago drs was also active during qualy.. now not anymore.

greets psytech

when the drs does not work anymore we must reset the times because you have no Chance to beat the times!!!

@blackhip, monaco is still possible ;)

but yes , drs or reset times..
